

Dear faithful friends and supporters,

In February, Steve and Dianne Warn traveled to Costa Rica for some medical check-ups as they both had to undergo operations. They opted not to send a March newsletter as they are both resting and recuperating. Many of you have contacted our office to inquire about how they are doing. We are pleased to report that all surgeries and procedures went well. Please remember to keep them in their prayers as they continue to recover.

Here is a short note from Steve:

“We are grateful to the Lord and the doctors and staff here at the mission hospital... We are a bit anxious to get back to Africa; however we are learning a divine secret; “Casting all your care upon Him; for He cares for you.” 1 Peter 5:7 (NKJV). The doctor said we can’t travel until mid-March; we then plan to leave the States middle of May, Lord-willing. The days that follow will be worthwhile and revealing for us as we continue to see old friends and spend time with our new granddaughter. After 10 years serving here and leaving for five years to return, we are more than ever renewed in the old command of Jesus to go and make disciples. ”
